Ideal Basic Industries  
Devils Slide, Utah 84019

Re: Suggested Species for  
Seeding or Planting

Dear Bill:

Thanks for the information on the Arizona mining newspaper. Enclosed you will find a list of suggested species for seeding or planting on the Devils Slide operation. I hope these will assist you and your trial plots around the mine and plant.

The list of Utah seed gatherers is also included to assist you in locating some of the more exotic as well as some native plants.

Please let us know if we can be of assistance in planning any plots or locating particular plantings.

Very truly yours,

Ronald W. Daniels  
Coordinator of Mined  
Land Development
